DAHLIA LIST OF 1927

We are listing some new and choice ones that are hard to beat. We have some of the best of the popular Autumn tints. If you cannot decide, talk it over with us, or come in the fall and see them growing. We will furnish plants or tubers of some of the scarce ones.

Plant the last of May, 5 inches deep and at least 3 feet apart.

For leaf hopper, spray the under side of the leaves with 1 oz. of nicotine in 6 gallons of soap suds.

Here are some choice ones that will please you:
